ITEM TITLE: **Action Item – SQL Server License for**

AS400 Replacement

Summary:

We need SQL Server Licensing for migrating from the AS400 Server

The AS400 server we have is end of life and we are migrating to a new method of tracking tax data for our community. We need to purchase SQL server licensing for that solution. The cost is higher than we anticipated but we are going to absorb that by not purchasing some server licensing this fiscal year.

Fiscal Impact:

Up to $7,888.00.
